CHILUKALA SAI ARCHITHA

archithachilukala@gmail.com | 9392890795 | LinkedIn

PROFESSIONAL SUMMARY

B.Tech student in Artificial Intelligence and Machine Learning with hands-on experience in software development through academic projects and internships. Proficient in Python, JavaScript, React.js, SQL, and Firebase, with a foundation in object-oriented programming, data structures, algorithms, and database management. Experienced in developing applications, implementing features, and processing structured data, with a strong interest in building reliable, scalable software solutions.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, ABAP
Web Development: HTML, CSS, React.js, Responsive UI
Databases: Firebase Firestore, MySQL
Libraries: Pandas, NumPy, OpenCV, TensorFlow
Developer Tools: Git, GitHub
Computer Science: Object-Oriented Programming (OOP), Data Structures and Algorithms, Operating Systems, DBMS, Problem Solving

PROJECTS

To-Do Manager App

- Developed a web-based task management application using Firebase Authentication and Cloud Firestore.
- Implemented create, read, update, and delete (CRUD) operations, task filtering, and due-date management.
- Added drag-and-drop task organization and dark mode to improve task management and interface usability.

EmoTune – Emotion-Based Music Recommender

- Developed an NLP-based music recommendation system that uses emotion analysis to generate recommendations.
- Processed datasets using Python and Pandas to support emotion-based data analysis and recommendation workflows.
- Evaluated and refined the recommendation workflow through testing.

Food Recipe Recommender System

- Developed a recommendation system that filters recipes based on user preferences and available ingredients.
- Processed structured recipe data to generate personalized suggestions using ingredient-based filtering.

INTERNSHIP EXPERIENCE

Google AI-ML Virtual Internship Jan 2024 – Mar 2024

- Worked with Python and TensorFlow to develop machine learning models as part of internship tasks.
- Processed structured datasets for model development and analysis.

Infosys Springboard Internship Sep 2025 – Nov 2025

- Participated in collaborative project activities involving AI-driven solutions and software development.
- Analyzed datasets and applied problem-solving techniques to assigned technical tasks.

CERTIFICATIONS

- SAP Certified – Back-End Developer - ABAP Cloud
- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Microsoft Certified: Azure AI Engineer Associate (AI-102)

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning 2023 – 2027
SR University, Warangal
Intermediate (MPC) 2021 – 2023
SR Junior College
Secondary School Certificate (SSC) 2021
Indo American School
